#### To Record Voicemail Greetings

- Access your voicemail (See note at bottom of front page, Accessing your voicemail after setup)
- From the main menu:
  - ❖ Press **2** to record your **Busy Greeting**. The busy greeting is the greeting that callers will hear if you are in Do Not Disturb, or are on a call and do **NOT** have call waiting activated.
  - ❖ Press **3** to record your **No Answer Greeting**. The no answer greeting is the greeting that callers will hear if you are away from your desk or on another call and do not answer (the caller will hear your phone ring before forwarding to voicemail)
  - ❖ Press **4** to record your **Extended Away Greeting**. The extended away greeting is the greeting that callers will hear if you plan to be away from your desk for an extended amount of time. *You are required to activate and deactivate this greeting manually. (Please note: When setting an Extended Away Greeting, the ability for callers to leave a voicemail message is turned off. You may want to make callers aware of this in your greeting. Once the Extended Away Greeting is deactivated, voicemail collection is turned back on.)* Once you have a greeting recorded, press **1** to activate. Once activated, you will be reminded each time you log in to listen to messages that this greeting is activated. To deactivate, follow the prompts and press **4**, then press **2**.
