# UPGRADE TO SAKAI 2.7.1: JUNE 21

---

## NEW TOOLS IN UVACOLLAB

---

---

### Messages

- Participants may compose, reply-to, and archive messages to all or selected site participants.
- Recent messages appear on site Home page and My Workspace.

### Profile2

- New profile tool in *My Workspace* site.
- Improved social networking capabilities.
- Quasi-integrated with Twitter.

## NEW FEATURES & ENHANCEMENTS

---

---

### Assignments

- Instructors may send out email notification to students when grades are released.

### Discussion & Private Messages

- Improved *Manage* interface.
- Added synoptic tool on Home page that links to *Recent Activity*.
- Implemented open and due dates at the *Category* level.
- Added *high priority* email notification option that overrides user preferences.
- Instructors may release grades and comments to selected students or all students at once.

### Dropbox

- Instructors/owners may configure whether or not to allow students to send email notifications when they upload new files.

### Illuminate Live! Bridge

- Added ability to select and remove multiple sessions/recordings at a time.

### Email Archive

- *Email Archive* becomes **Site Email**.

### Forums

- Tracks/displays word count while composing a message.
- Adds a default *Forum* and *Topic*.
- Added email notification capability.
- Instructors may view all posts by a student.

### Gradebook

- Import/export data in CSV or (*new*) XLS format.

### Permissions

- Tool permissions are more descriptive.

### Roster

- Added ability to print student photos in a single column.

### Schedule

- Added ability to set the default view (day, week, or month).
- New subscription export/import options.

### Site Info

- Added printable PDF of participant list.
- Ability to view group memberships from main screen.
- Ability to link to a parent site provides breadcrumb navigation between sites.

### Tests & Quizzes

- Print assessments capability.
- UI enhancements for activities.
- Students can view all of their submissions when multiple submissions allowed.
- Instructors may assign partial credit to answers of multiple choice questions.

### Wiki

- Improved visibility and access to editing *Hints*.
- Navigation breadcrumbs moved to *Recently Visited* menu.
